By the Commission:

On November 2, 2007, Logical Telecom, L.P. d/b/a LN Prepaid ("Applicant") filed a verified application with the Illinois Commerce Commission ("Commission"), pursuant to Section 13-404.1 of the Public Utilities Act ("Act"), 220 ILCS 5/13-401.1, seeking a Certificate of Prepaid Calling Service Provider Authority ("Certificate") to operate as a telecommunications carrier in the State of Illinois.

Section 13-404.1 (b) of the Act provides in relevant part that:

the Commission shall approve an application for a Certificate of Prepaid Calling Service Provider Authority without a hearing upon a showing by the applicant that the Commission has issued an appropriate Certificate of Service Authority (whether a Certificate of Interexchange Service Authority or Certificate of Exchange Service Authority or both) to the applicant or the telecommunications carrier whose service the applicant is seeking to resell, provided that the telecommunications carrier remains in good standing with the Commission.

For purposes of this application, Applicant is a telecommunications carrier as defined by Section 13-202 of the Act and provides telecommunications service as described in Section 13-203. Applicant intends to resell the services of Qwest Communications Corporation, which was granted a certificate by the Commission to provide telecommunications service in Illinois in Docket 99-0143. Applicant has not, however, been issued a certificate by the Commission to provide telecommunication service in Illinois, nor have certificates been issued to two other underlying carriers, Alestra S. de R. L. de C. V. and Broadbox, LLC, whose services Applicant seeks to resell.

Pursuant to notice given in accordance with the rules and regulations of the Commission, this matter came on for hearing before a duly authorized Administrative Law Judge of the Commission at its offices in Chicago, Illinois on December 10, 2007.

Applicant presented the testimony of Raul Cardenas, its President. Karen Chang of the Telecommunications Division appeared for Commission Staff. At the conclusion of the hearing on December 10, the record was marked "Heard and Taken".

Applicant is a Texas limited partnership authorized to transact business in Illinois. Applicant presented evidence that it has the technical, financial, and managerial resources to provide the proposed services in Illinois. Applicant furnished Statement of Revenues and Expenses and a Statement of Assets, Liabilities and Capital as evidence that it has the requisite financial resources to sustain its operations in Illinois. Applicant also furnished the management profiles of its key personnel to demonstrate their knowledge of telecommunications specifically and business generally. Applicant stated that it would have technical personnel available at all times to assist customers with service problems.

Staff stated that it had reviewed Logical's application and supporting documentation and based upon that review, recommended that the application be approved.

The Commission, having reviewed the entire record herein and being fully advised in the premises, is of the opinion and finds that:

- (1) Applicant, a Texas L.P., seeks a Certificate of Service Authority pursuant to Section 13-404.1 of the Act;
- (2) the Commission has jurisdiction over Applicant and the subject matter herein;
- (3) the recitals of fact set forth in the prefatory portion of this Order are supported by record and are hereby adopted as findings of fact;
- (4) Applicant possesses sufficient technical, financial and managerial resources and abilities to operate as a prepaid calling service provider in Illinois;
- (5) pursuant to Section 13-404.1, it is in the public interest that the Commission grant a Certificate of Prepaid Calling Service Provider Authority to Applicant in this matter.

IT IS THEREFORE ORDERED by the Illinois Commerce Commission that Logical Telecom, L.P. d/b/a LN Prepaid be, and is hereby, granted a Certificate of Prepaid Calling Service Provider Authority to operate as a prepaid calling service provider pursuant to Section 13-404.1 of the Act.

IT IS FURTHER ORDERED that the Certificate of Prepaid Calling Service Provider Authority hereinabove granted to Logical Telecom, L.P. d/b/a LN Prepaid shall be the following:

of the Public Utilities Act, to operate as a prepaid calling
service provider within the State of Illinois.

the Public Utilities Act and 83 Ill. Adm. Code 200.880, this Order is final; it is not subject
to the Administrative Review Law.

By Order of the Commission this 16th day of January, 2008.
